

Sentry 3 Guardian™ for SAP Business One

GUARDIAN™ ADVANTAGES

- **OPERATIONS CONTINUITY**

If your Business One server goes down, your users would be directed to access a Business One installation at our data center.

- **SECURE BACKUPS**

Backups are encrypted. Only you know the key for decryption.

- **COST EFFECTIVE**

We maintain the servers and recovery network. You don't.

- **SAP BUSINESS ONE EXPERTS**

We know how SAP Business One works inside and out.

HOW MUCH WILL IT COST WHEN YOUR SYSTEMS GO DOWN?

Knowing that an IT disaster could strike at any time and planning accordingly is critical to providing companies a chance to survive after such a crisis. Businesses of all sizes require enterprise-class reliability to effectively conduct business. Because ERP availability is a crucial component of all businesses, the need for disaster planning is essential.

That's where we come in...

Sentry 3's Guardian™ Enterprise Suite is an advanced turnkey solution that provides redundant capabilities for your SAP Business One critical functions should your systems become inaccessible.
